Reading: See the on-line syllabus for lecture-by-lecture readings.

In lieu of Homework:

1. Select a term paper project from the list at http://www.its.caltech.edu/~esp/ay127/syllabus12.html#termpaper. Begin working through the papers on your selected topic, and hand in a sheet with the name of the topic you have selected, and brief (a few sentences) comments on those of the papers you have read.
